

Country Cove Estates Sales Center is Now Open

Shelby Homes announces the opening of sales operations on the property site of Country Cove Estates. A luxury single family home community, Country Cove offers a dazzling series of custom estate-styled homes in beautiful Lake Worth. David Colegrove, vice president of sales and marketing for Shelby Homes, says that this is a very exciting time for buyers.

“Having the presence of an on-site sales center makes it infinitely more convenient for our customers to experience the luxury of Country Cove,” says Colegrove. “With our best home sites now available and the models nearing completion, there is little guess work needed to appreciate the value of this investment. We even have a few homes for immediate occupancy for those who need to be in a home quickly.”

This scenic community consists of five brilliantly conceived models with three different elevations per plan that feature a combination of classic stone features and Mediterranean exteriors. A variety of roof palettes and paint colors also are available. Colegrove believes that the true “custom feel” to the neighborhood only adds to the appeal. “Let’s face it,” he says, “nobody likes giving directions to their home by saying ‘It’s the fourth orange roof on your left.’”

Only 126 homes will be built at Country Cove Estates, each on a full-sized lot. The smallest site is 75 feet by 130 feet and some are as large as one-half acre. “Shelby’s expert design sales team means that no two houses should have to look alike. Buyers can now own a home that truly reflects their own individual style,” Colegrove explains.

The electronically-gated community offers an upscale ambience while watching the cost of monthly maintenance. Country Cove boasts spacious four-, five- and even six-bedroom homes with living spaces ranging from 2,744 square feet to 4,563 square feet, starting from the low 700's.

At Country Cove Estates, Shelby Homes provides many luxury amenities that pass for upgrades in other communities. These include 18-inch tile in the main living areas and textured ceilings throughout the homes. Any family will be thrilled with the outstanding gourmet kitchens that contain beautifully crafted 42-inch upper cabinets in a choice of foil or wood, as well as sculpted granite counter tops with full tile backsplash. A designer appliance package, offered in a variety of colors, includes a 25-cubic-foot refrigerator with ice/water door dispenser, pot-scrubber dishwasher, separate radiant cook-top stove with microwave above and a built-in double-wall oven. Laundry rooms are separate and feature a large capacity washer and dryer. Furthermore, the convenience of built-in cabinetry helps to accentuate storage and function.

State-of-the-art technical components include structural wiring for optimal internet and computer networking for today's high-tech families. High-efficiency air conditioning, electric smoke detectors and a centrally monitored security system are included as well.

To further customize their homes, buyers at Country Cove have a number of different floor plans and room uses to choose from. Fantastic upgrades and other changes are available to allow every homeowner to have exactly the home that satisfies the needs and desires of their particular lifestyle.

Recreation will be encouraged in this beautifully tree-lined neighborhood, with on-site tennis courts and walking paths for residents. Each home site also will be able to accommodate a private pool at the buyer's option.

Perhaps one of strongest selling features of Country Cove Estates is the surrounding community of Lake Worth. The Elementary and Middle schools are "A" rated by the State of Florida and the High School is brand new. Plenty of nearby amenities and conveniences abound as well, such as the new Wellington Green Mall and superb dining and entertainment venues. Country Cove Estates is easily accessible from both the Lake Worth and Boynton Beach exits off the Florida Turnpike.
